- ☆ Speedy delivery. ☆ Long guarantees. ☆ Hundreds of 5 star reviews.

Coseyfire Vision 2 - 7-8kw
OFFER! Multi-Fuel Woodburning Stove

Brand:Coseyfire
Product Code: Vision 2

About the Stove

The Vision 2 Multi-fuel Woodburning stove is a part of our very popular Coseyfire range of products. A simple, stylish stove that can sit proud and work well in any surrounding. The Vision 2 includes features that you would expect to see on a stove 2 or 3 times its price. For example, it includes an advanced "Varicontrol" super airwash system that helps keep the glass clean and clear of smoke stains. Hand made from thick Australian cast iron ore with a smooth, blemish-free surface. Many stoves, including expensive brands still use re-melted scrap for their castings. The high phosphorous and sulphur content of re-melted scrap leads to subsequent cracking of the stove. Since opening in 2007 we have had no reports of a cracked Vision 2.

Overnight Burn

The Vision 2 has an excellent overnight burn system. Its air tight door gaskets and manually controlled air flow allow you to close the stove right down over night and wake up to a warm house in the morning. All you need to do is reopen the air air controls, add a little coal or wood and watch the fire roar again.

Why Are We So Cheap?

This is a common question we get asked and understand why people will sometimes wonder how it can be done so cheap. We design a large amount of our products and they come direct from our factory to us. This completely cuts out any middle men. We can stock over 2500 stoves at any one time and ship direct to the end user with no showrooms. We always suggest prospective buyers take a look at our glowing feedback that currently has over 7000 positive comments on our stoves and stove products.
