## Defra Approved Twin Door Panoramic 5kw - Custom Grey

Brand: Purefire

Product Code: Twin Door Slimline 5kw Grey

# Defra Approved Twin Door Panoramic 5kw - Custom Grey

## 2022 Eco Design Ready

The Twin Door Panoramic has been tested and approved to meet the new Eco Design requirements that will be mandatory for all stoves by 2022, making this a stove for now and the future. These test results have been approved by HETAS and listed on their official website.

## About

This stove proves there is no need to spend £1000+ to get an advanced, good quality stove. Some of the features on this stove include tight locking elegant twin doors made from mineral cast iron, a fully welded steel body, complete integral fire brick lining, highly advanced baffle design, 5" top and rear flue outlet and much more.

The Purefire also has a twin layer construction - the inner layer has been tapered in at the sides making the fire box slightly smaller and therefore reducing the potential heat output. The firebox is still 400mm wide meaning large logs are not a problem. We also have a stand/bench available for this stove.

## Custom Finish

This unique colour is a firm favourite of everyone at Stove World UK HQ. We find it looks different in the changing light and has hints of Brown and Copper as the sunlight hits it. A perfect fit for someone looking for a unit that is truly unique. This version will be hand-finished by stove professionals here at Stove World UK.

## Clean Burn System

The advanced secondary/tertiary clean burn system takes in air from the rear and feeds it under and over the fire and over the glass to help keep it clean. The secondary burn feature re-burns the initial gasses and smoke produced from the fire, saving you money on fuel.

## 5 Year Guarantee

This covers the stove's body and not the internal perishable parts. Guarantee is activated when the stove is invoiced. 6 digit number on the top of each invoice is the warranty number. For stove to be covered it must be installed by a HETAS engineer.

## Stove Features
