*Defra Approved, Eco Design Ready, 5 Year Guarantee*

Brand:Panoramic

Product Code: Twin Door Slimline 5kw

# Ecosy+ Twin Door Panoramic 5kw

Defra Approved, Eco Design Ready, 5 Year Guarantee

## 2022 Eco Design Ready

This stove has been tested and approved to meet the new Eco Design requirements that will be mandatory for all stoves by 2022, making this a stove for now and the future. These test results have been approved by **HETAS** and listed on their official website. Find out more about the Eco Design scheme at [stoveindustryalliance.com](http://stoveindustryalliance.com).

## About

The Panoramic answers a lot of customers' problems - they need a physically large wood only stove but can only install one with a 5kw output. This has been achieved with this model by clever design. The Purefire has a twin layer construction, the inner layer has been tapered in, making the firebox smaller and reducing the heat output. The firebox is still 400mm wide meaning large logs are not a problem.

This stove proves there is no need to spend £1000+ to get an advanced, good quality stove. Some of the features on this stove include tight locking elegant twin doors made from mineral cast iron, a fully welded steel body, complete integral fire brick lining, and a highly advanced baffle design. A 5 year guarantee is offered on this model; something that is not offered on any other stove around this price bracket. This advanced wood burning stove is suitable for a 12mm hearth.

## Clean Burn System

The Ecosy+ has an advanced secondary/tertiary clean burn system. The secondary burn feature is a real advantage as this re-burns the initial gasses and smoke produced from the fire. This means you are getting every drop of heat from your fuel and in turn will save you filling the stove up as often, saving you money and time on fuel.

## 5 Year Guarantee

This covers the stove's body and not the internal perishable parts like grates and fire bricks. Guarantee is activated when the stove is invoiced. 6 digit number on the top of each invoice is the warranty number. For stove to be covered it must be installed by a HETAS engineer or signed off by building control.

## Stove Features

- ✓ **2022 Eco Design Ready - Approved by HETAS**
- ✓ **DEFRA APPROVED**
- ✓ **Over 80% efficient**
