## 7-8kw OTTAWA + CLEAN BURN Contemporary Woodburning Stoves Multi Fuel 5 YEAR GUARANTEE

Brand: Ottawa

Product Code: Ecosy+ Ottawa 7kw

# 7-8kw OTTAWA + CLEAN BURN Contemporary Woodburning Stoves Multi Fuel 5 YEAR GUARANTEE

## About the Stove

This advanced, clean-burning, multi-fuel, wood burning stove is built to last for years. The Ottawa 7-8kw stove incorporates an pre-heated secondary burn system ensuring a clean and efficient burn. This stove is wonderfully hand constructed and blends traditional styling with modern efficiency. The Ottawa is made from thick steel plate and its clean lines make it suitable for a wide range of decor, styles and tastes. The Ottawa 7-8kw is a multi-fuel stove that will deliver a reliable source of heat with an accurate degree of control.

---

## Clean Burn System

The Ottawa 7-8kw has an advanced secondary clean burn system that is controlled by a chrome lever on the base of the stove. This lever opens and closes a vent that pulls air over the fire, re-burning the initial smoke emitted by the stove. This makes the stove a lot more efficient and eco-friendly, saving you a large amount in fuel costs.

---

## 5 Year Guarantee

This covers the stove's body and not the internal perishable parts like grates and fire bricks. Guarantee is activated when the stove is invoiced. 6 digit number on the top of each invoice is the warranty number. For stove to be covered it must be installed by a HETAS engineer.

---

## Overnight Burn

The Ecosy+ Ottawa 7-8kw wood burning stove has an excellent overnight burn system. Its air-tight door gaskets and manual air flow controls allow you to close the stove right down overnight and wake up to a warm house in the morning. All you need to do is reopen the air controls, add a little coal or wood and watch the fire roar again.

| <p>As a HETAS engineer, I can highly recommend this stove. I've fitted a few (first installation being 2 years ago now) with no complaints or issues at all. Customer service at Stove World UK is second to none. The stove arrives quickly and it is perfectly contained and protected. Excellent company to deal with and I recommend them to all my customers.</p> <p>★ ★ ★ ★ ★</p> |            |

| <p>I purchased a 7 K watt ottawa stove and was very pleased when it was delivered within 48 hours and it was packaged well and it appears just as good as stoves we viewed that would of cost around £1200. I would recommend buying a stove from this company to anyone looking to buy a stove. The customer service is great and I was surprised to have the stove delivered within 48 hours with it being so close to christmas.</p> <p>★ ★ ★ ★ ★</p> |            |

| <p>Good service,had this stove 1 year now.</p> <p>Very efficient stove and produces lots of heat. I burn wood the vast majority of the time and I found that if I take the grate out it burns a thousand times better compared to burning wood on top of the grate, I was initially having problems getting the wood burning, I even opened the patio doors for maximum oxygen and opened vents fully and it still struggled.</p> <p>For the money I don't think this stove can be beaten.</p> <p>★ ★ ★ ★ ☆</p> |            |
